## Projects

- **Ravindera Digital Studio**  
<https://ravinderadigitalstudio.com/>  
The photography portfolio for Ravindera Digital Studio is a visually striking website designed to showcase stunning photography work.
- **ic match**  
<https://icmatch.org/>  
The community matching website is designed to connect individuals based on shared interests.
- **ie-cbd**  
<https://ie-cbd.com>  
The website for nutrient supplements is a user-friendly platform that showcases a variety of products designed to enhance health and wellness.
- **Ticket management WordPress plugin**  
Developed a plugin to manage organization tickets with functionalities to add, edit, delete, and set status and priority. It features role-based accessibility to control user permissions, ensuring secure ticket management.
- **Image Optimizer WordPress plugin**  
A plugin for lossless image optimization and WebP conversion. It enables bulk image optimization for better performance and dynamically displays either WebP or original images based on availability.
- **Monthly salary calculator WordPress plugin**  
Built a plugin for monthly employee salary calculation using a cron job, automating the process on the 8th of each month. It includes role-based access for secure management.
